

Ahart Aviation Services

The premier flight training and Aircraft Rental Company in Northern California

High Quality Flight Training

Ahart Aviation Services has been training pilots for over twenty years. Established in 1985, Ahart Aviation Services trains both domestic and international students in the fine art of flying. Many of our students move onto many flying careers including Flight Instruction, Airline Pilot, Corporate Pilot, Law Enforcement and fire Fighting. We provide one-on-one flight training as well as individual and group ground education. Ahart Aviation Services has a perfect record in safety and quality of flight training unmatched by any other flight school in California.

Aircraft Rental Services

With many airplanes to choose from, Ahart Aviation Services caters to both the budget conscious and seasoned pilots domestically and internationally. We provide safe and comfortable airplanes for either a quick day-trip or a long, two week flight across the United States. Our staff will make sure you are comfortable with both the airplane you choose to rent and the terms of the rental. We'll make sure you flight experience with us is affordable, comfortable and above all safe. If you need supplies for your flight, Ahart Aviation is the place to come before and after your flight

Aircraft Maintenance Services

With the least expensive rates in Northern California, and the highest safety record of any aviation maintenance shop, Ahart Aviation Services strives to be your best choice when it comes to maintaining your personal aircraft. We will provide you with both repair and inspection services as well as upgrade and avionics diagnostics at reasonable prices. You will be pleased with the speed and quality of your airplane's repairs as well as the price tag when complete.

With over twenty years of aviation experience, the staff at Ahart Aviation Services is here to help you with all of your aviation needs. If you are interested in becoming a pilot, improving your existing pilot skills, repairing your airplane or simply taking a plane for a weekend trip, we are here to make sure you have a great experience.
